

The background features a dark, textured surface with several vertical, slightly curved light streaks. The streaks are primarily red and yellow, with some white highlights, creating a sense of depth and movement. The text is centered over this background.

LED BY GOD OR REJECTED BY GOD

There are no other alternatives to lead God's people

GREAT MAN THEORY

1

In the 1840s Thomas Carlyle suggests **great leaders are born, not made.**

INTRINSIC LEADERSHIP TRAITS
DEFINING A DESTINED LEADER:

INTELLIGENCE

SOCIABILITY

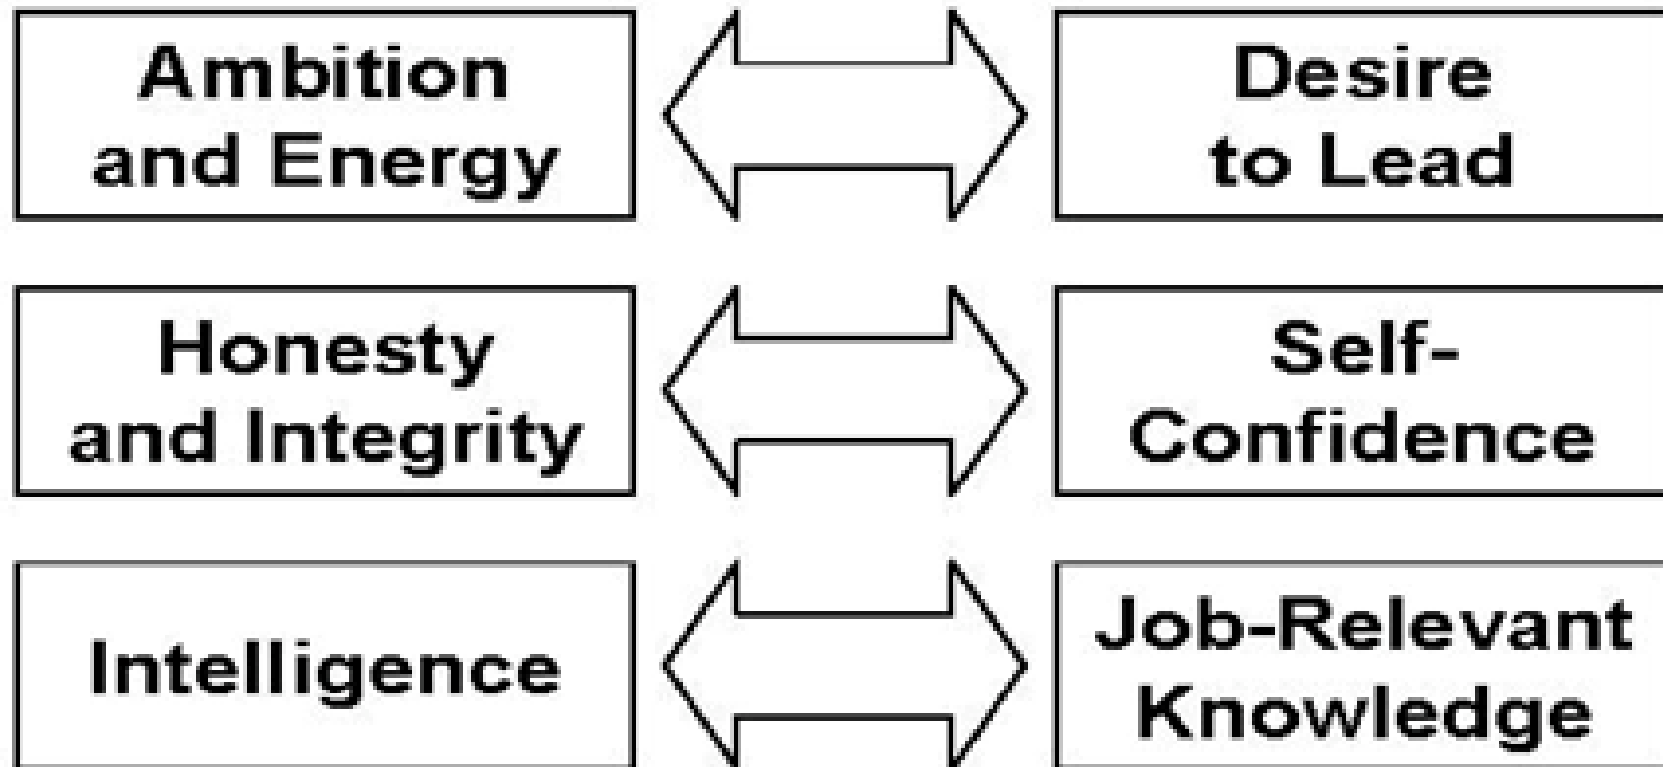

CONFIDENCE

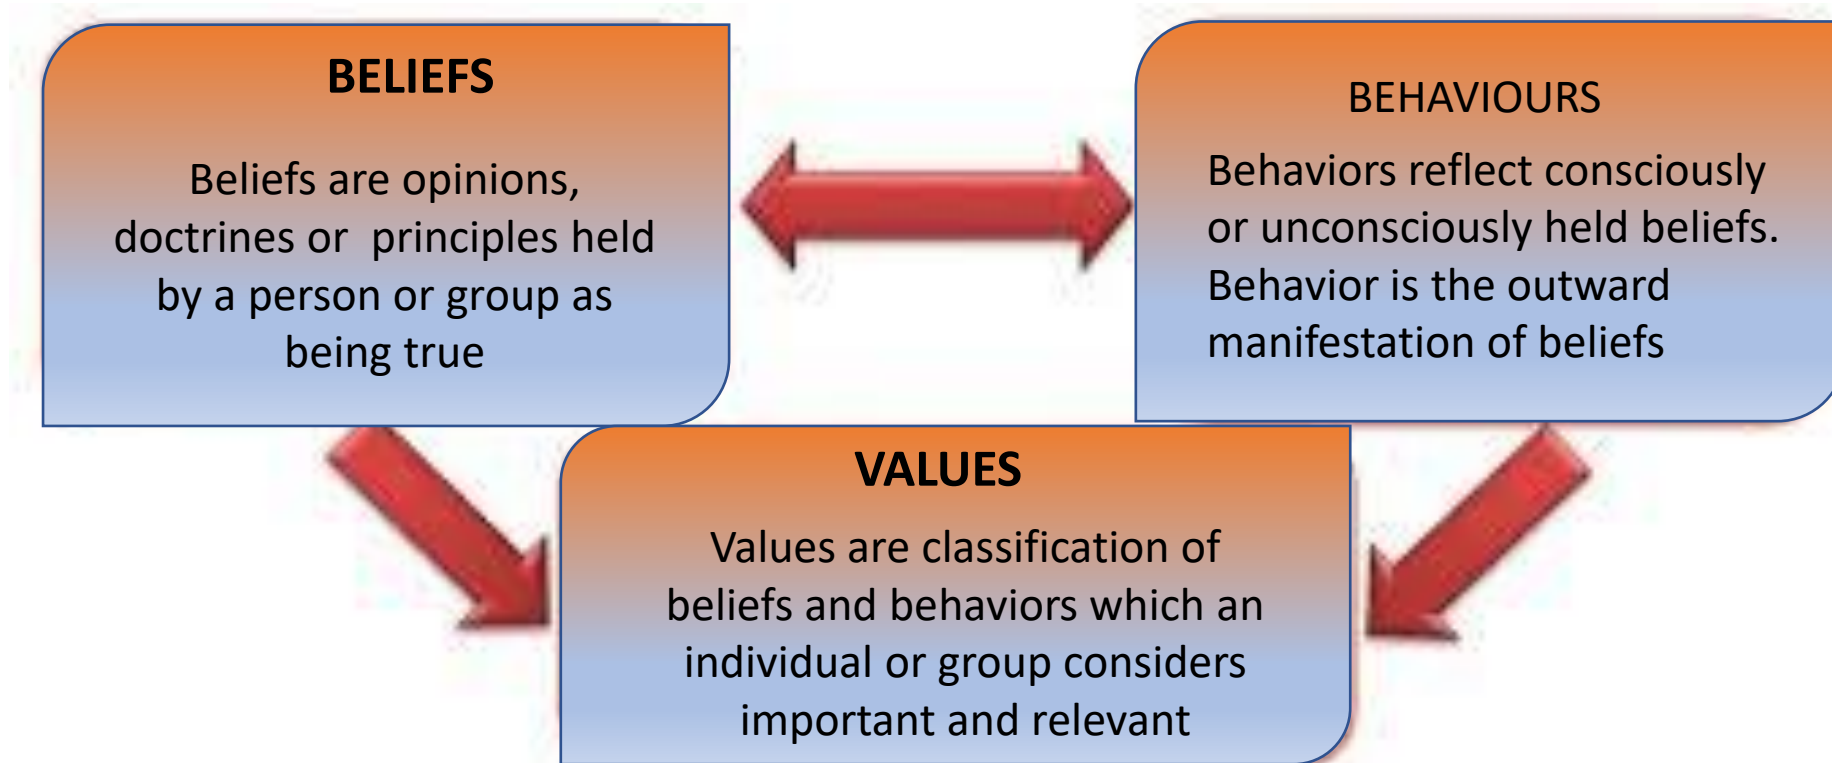

CHARISMA

Trait Theories of Leadership

BEHAVIORAL

- No style of leadership is best in all situations
- Success depends upon a number of variables, including the leadership style, qualities of the followers and aspects of the situation

CONTINGENCY THEORY

CHARISMATIC LEADERSHIP

QUALITIES OF A CHARISMATIC LEADER

The Charismatic Leader gathers followers through dint of personality and charm, rather than any form of external power or authority. Some prominent qualities of a charismatic leader are as follows:

- Vision
- Speech
- High Principles

TRANSACTIONAL

DEFINITION

- **Transactional leadership** is a style of leadership in which the leader promotes compliance of his followers through both rewards and punishments. Also known as “Management theories” (Odumeru & Ifeanyi, 2013)

Contemporary Educational Leadership Theories

1. Transformational leadership

Shared decision-making, teacher empowerment, understanding & encouraging change, team work, see complete picture, continuous school improvement, foster school community's sense of ownership (Leithwood 1992).
